

5th May 2023

Dear Parents,

As part of our Geography learning this term about where our food comes from, we will be carrying out fieldwork. The fieldwork will involve a visit to local allotments to identify, count and record which fruits and vegetables can be grown in the UK. This will complement our learning about imported foods, food miles and our carbon footprint.

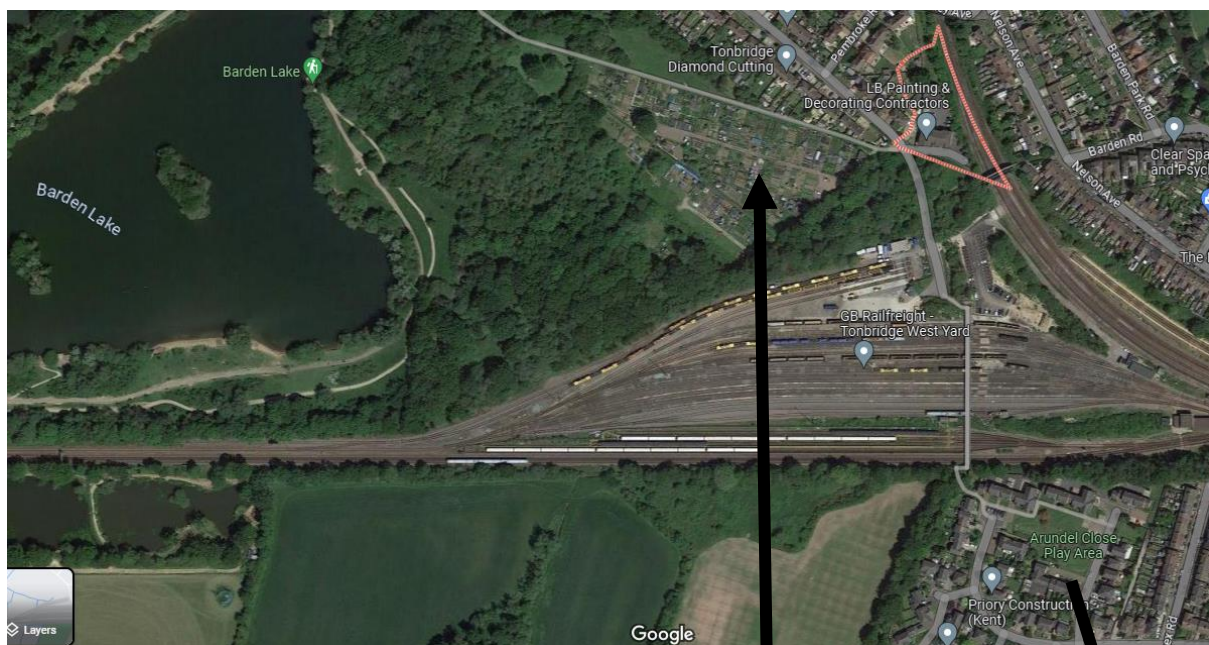

The date for our fieldwork is Tuesday 23rd May from 1:15pm to 3:15pm. All of Year 5 will be walking to the allotments near the train tracks on the way to Barden Lake.

In order for the visit to go ahead, we will require volunteers. If you are able to offer your help, please sign up via Arbor – Trips - Year 5 HELPERS Fieldwork. We will confirm with you nearer the time if your help is required, once we have finalised all the details. The booking system will close at 2pm on 17th May.

If you have an allotment in this area (Clare Avenue) and would like to show us what you have planted/are growing, we would love to hear from you.

Kind regards,

Mrs Lee and Miss Hooper
